2025 International [Anaplastology](#) Association

sponsorship program

Equip and empower our growing professional network

Greetings,

The International Anaplastology Association's Board of Directors is pleased to invite you to participate in the 2025 Sponsorship Program. Each sponsorship benefit provides an opportunity for your company to be recognized as a valuable leader in the provision of products and services to anaplastologists and their team of rehabilitation healthcare professionals, as well as their patients.

As a sponsor, your company can be promoted in a variety of ways. Our sponsorship packages are organized according to various IAA events or programs through which sponsors may connect with participants, such as webinars, online training courses, the 2025 IAA Annual Conference and/or our social media communities. Our sponsorship program is designed to provide you with the following opportunities:

- To reach an audience of international colleagues in anaplastology and head and neck rehabilitation fields from across the globe, including roughly 20 different disciplines;
- To introduce your products and/or services to your target market;
- Network with your collaborators and peers;
- Engage in real-time feedback on your products and/or services;
- Enhance your market reach;
- And, promote your brand through multiple communication channels.

We hope that you will take a moment to explore the sponsorship opportunities outlined on the following pages and that you will consider participating as a sponsor in 2025. The IAA is proud of its success in making educational opportunities available to a larger and more diverse, global audience. Since 2020, IAA's virtual and in-person Conferences have reached more than **200 individual registrants across more than 35 companies**, and IAA's Access Anaplastology Web Series (AAWS) has reached **more than 300 individual registrants across more than 30 countries**.

Thank you in advance for your commitment to our organization and the anaplastology community.

Sincere regards,

The International Anaplastology Association Board of Directors

David Reisberg, DDS	President
Alejandro Padilla, MS	Vice President
Juan R. Garcia, MA, CCA	Vice President Elect
Stephanie Kline, MS	Secretary
Suzanne Verma, MAMS, CCA	Treasurer
Trevor Coward, PhD MPhil FIMPT FETC	Director
Sophie Fleming	Director
Akhila Regunathan, MS	Immediate Past President
