

Southern Implants: The Craniofacial Experience

SURGICAL PLANNING & IMPLANT POSITIONING FOR THE FACIAL PROSTHETIC PATIENT

The UI Health Craniofacial Center invites you to attend Southern Implant's hands-on course in a world-class learning environment at UIC's Surgical Innovation Training Lab! Anaplastologists, maxillofacial prosthodontists, and surgeons will be introduced to SI's implant system and surgical kit for placement of craniofacial implants.

Attendees are invited to attend a **social event** in beautiful downtown Chicago on the Friday night prior to the course! On Saturday, the course will include breakfast, lunch, and coffee breaks. The course program will include a discussion of the history of osseointegration and craniofacial implants and their **applications in prosthetic restoration & implant position planning**. Southern Implants will highlight their craniofacial implants and attachments, surgical kit, and surgical protocols.

Attendees will have the opportunity to practice **hands-on implant placement** using premarked dry skulls to become familiar with Southern Implant's instrumentation and drilling sequence. Surgical planning techniques for craniofacial implants, both digital and non-digital, will be discussed, as well as attachment choice and soft tissue management. All participants will receive take home guides for future review and reference in the operating room. Finally, all participants will have the chance to explore the possibilities of **virtual reality** and its application to surgical planning!

Registration is limited to 30 participants! Register early! **DEADLINE: MARCH 25, 2023**

April 15, 2023 / 8AM - 5PM / CHICAGO, IL

The International Anaplastology Association (IAA) and the American Academy of Maxillofacial Prosthetics (AAMP) are serving as event partners, managing registration for this course. Participants must register online at **anaplastology.org**.

Registrants must make a \$200 deposit to reserve your place. The deposit will be held, but not charged. If a registrant does not attend the course and fails to cancel registration within 7 days of the event (April 8), the \$200 deposit will be charged.
